Why buy expensive maternity clothes when you can rent them from Mine for Nine at a fraction of the cost?

Mine for Nine

Many women are accustomed to a huge closet full of the cutest clothes and latest styles. But during pregnancy, when money is being saved for essentials like diapers and a nursery, it's hard to justify breaking the bank on new maternity clothes that you may only use for a few months. That's where Mine for Nine can help. Just go online to www.minefornine.com and borrow clothes for at least 75 percent off the retail price.

Some may be skeptical about borrowing clothes, but there are many benefits to the Mine for Nine system. Mine for Nine has access to trendy designers from across the globe, so you can get exactly what you want, exactly when it fits your changing body, at a fraction of the cost. All items are new or gently used, and you borrow as many as you want for a period of a month. This allows you to wear clothes that fit perfectly now, not what you think will fit in the future. Mine for Nine lists multiple measurements for every item online so there's no borrowing. And when you do find something you can't bear to part with, you can buy it after the season ends.

Of course, many moms-to-be are looking to save during pregnancy, but why sacrifice feeling beautiful by wearing the same, poor fitting clothes every day? Borrowing from Mine for Nine may just be the perfect solution.
